March 9, 2020

Dear Attendees, Exhibitors, Sponsors, Speakers & Students

Re: 2020 Alabama Business Technology Conference

It is with great disappointment that the Alabama Technology Foundation must advise you that our 2020 Alabama Business Technology Conference (ABTC) has been cancelled for April 22-24, 2020.

In light of the COVID-19 virus, which is a circumstance beyond our control, it has made it impossible to proceed with this year's event. This is primarily due to public health and travel advisories, restrictions on non-essential travel implemented by many of the exhibitors, Alabama businesses, board members and attendees, and other recent events related to the spread of the novel coronavirus COVID-19. We are committed to do our part to help protect our attendees, exhibitors, sponsors, speakers and students.

It is our goal to make the 1st ABTC event one that will encourage attendees, exhibitors, sponsors, speakers and students to come back each and every year. We are exploring options to reschedule the event and are working to provide you with an update as soon as possible. We hope that our new scheduled date will allow you to continue being a part of this great event. We appreciate your understanding and continued support for the Alabama Technology Foundation.

Sincerely,

Renee Borg  
Executive Director

*About the ATF: The Alabama Technology Foundation is an economic development and outreach organization that is positioning Alabama as a leader in information technology. The mission of The Alabama Technology Foundation is to develop qualified information technology specialists to meet Alabama's growing need for highly-skilled technology professionals. The foundation works to foster closer relationships between Alabama academic, industry and government communities in areas that relate to the development of a skilled I.T. workforce. Targeting business demand, growth opportunities and specialization in the field of information technology in Alabama, the ATF partners with economic development entities to achieve its goals. For sponsorship information or to become involved with The Alabama Technology Foundation, email [info@AlabamaTechnologyFoundation.org](mailto:info@AlabamaTechnologyFoundation.org).*
